

I have been coming to Dr Amison since 2000, since moving here from the Cleveland area.

I have alot of respect & appreciation for Dr Amison.

On several occasions I have had to call Dr Amison with an emergency & he went out of his way to fulfill my dental needs. All of us needs to make money but with Dr Amison his is because of caring & the passion he has to his patients!

I refer & recommend him to all people I meet. An A+ is given

to Dr Amison for just being himself. Thank you for all he has done for me & my family & friends!

God Bless you for being a part of my life.
