A shot.
A shot in the dark
A shot of Whiskey
A shot heard around the World.

I know in my heart that preventive maintenance is key to a healthy smile. With sweaty palms, lack of sleep, and a racing heart, I received a shot that I dreaded. A shot that numbed the area that needed attention, and I cried. With the step by step calming voice of Dr. Amison I was able to breath through the shot and continue with the filling. The professional staff, the state of the art equipment, the calming voice that guides me through all the treatments, keeps me returning to Dr Amison's office
